

# *GROW* GUARANTEE

---

We said we won't let you fail, and we're keeping our word. If for any reason at all, your Gardenuity garden fails before you get a harvest, we'll send you a new, in-season option. No questions asked.

Contact [guarantee@gardenuity.com](mailto:guarantee@gardenuity.com), and we'll get you growing again in no time.

Your fault, our fault, the weather's fault, the nanny's fault—it doesn't matter. We'll get you a redo.

Because we only give you options you'll have success growing, we might not be able to send you an exact replacement. Don't worry, we'll find a comparable one that's in season and bound to thrive.

 Gardenuity®
